## WAR NOTES

**Stalingrad Withstands Nazi Drives;**  
U.S. Navy Blasting Jap Bases;  
Outbreaks in Norway, France;  
Steamer Torpedoed in St. Lawrence

All German attacks have so far failed to overcome Stalingrad and in other sectors of the Russian front the reports are encouraging. Renewed attack on the Volga industrial city of Stalingrad has failed to shake resistance. Russian news is that they have worn the German offensive down to a grinding battle by wholesale killing, and wearing down survivors through night counter attack. There is no slackening of the danger to the city however, and the battle fluctuates with Nazi seizing new points and withdrawing from others. Heavy fighting continues along the Black Sea and in the Mordok area where the Grozny oil fields are the prize.

**In the Solomons**  
In the battle of the Solomons, U.S. warships have blown up ammunition dumps that the Japanese had been collecting for all-out assault on the American marine and army. No recent landings have been made on Guadal canal by the Japs. Since Oct. 16 American bombers and navy fighters based in the Solomons have pounded enemy ships and installations. Heavy bombardments have gone forward, and Jap counter attack has failed in purpose. U.S. fleet has been active in waters previously dominated by the Japanese.

Air bombing has also gone forward in the Aleutians, and at all points the Japs appear to be taken a heavy battering.

**Revolts in Europe**  
Latest reports are that more than 2,000,000 Frenchmen are poised for mass revolt against Laval's program of forced labor for Germany. Reports of mutiny, desertions and suicides amongst Hitler's own troops in Norway add to the record of revolt and internal strife in Europe. It is said that 1000 German soldiers have rebelled in one Norway centre on orders for them to go to Russia. Nazi firing squads refused to shoot the rebels and they were sent to concentration camps. Nazi moral is dropping seriously in Norway. Disorders have been breaking out in Lyons, Chamberg and other cities as a result of Laval's efforts to sell his countrymen into bondage for labor in Germany.

In Belgium also there is strife as Germany has requisitioned equipment robbing home services. There are executions and similar cruelties.

The Netherlands have received radio warning of impending allied raids. Everywhere in occupied Europe there is disorder.

**Bombing attacks from England on** Schneider armaments and similar important centres have further increased uneasiness.

**Canadian Steamer Sunk**  
But U boat menace continues on this side of the Atlantic and a Canadian steamer plying between Sydney, N. S. and Newfoundland was sunk in Cabot straits. 137 persons, mostly civilians, were lost. The U boat after launching its torpedo came to the surface to watch the end. For hours survivors struggled in the bitter waters.

## Beef and Wages

(Farm and Ranch Review)

But before our urban friends get too excited about the uncertain prospect of a small increase in beef prices in the future, it might be well for them to remember, that in 1914 good steers sold in Toronto at 8 1/2 cents. Today the price is only 10 1/2 cents. In 1914, average wages of urban labour was indexed at 101.3. Today it is well over 206. Beef has advanced about 20 per cent. Wages considerably over 100 per cent.

If the "powers-that-be" are so very much concerned about preventing price inflation, they would be well advised to turn their attention almost exclusively to urban wages, which is the controlling factor in the general price level, and which seem to advance steadily in sympathy with the incessant striking for higher pay. It will also be soothing to their souls to know, that in the U.S. beef cattle prices have advanced 100 per cent since pre-war No. 1 period. Our beef men are not such black criminals as the "price controllers" would have us believe.

**MRS. J. T. WILSON**  
**BURIED AT CLARESHOLM**

Funeral services for Mrs. J. T. Wilson, well-known former Vulcan resident, were held from the United Church, Clareholm, on Tuesday afternoon, October 20th.

Born at Inakster, North Dakota, deceased moved to Vulcan in 1915. She moved to Clareholm about a year ago

## WEDDINGS

JENSEN — MONKMAN

Christ church, Calgary, was the scene on Friday, October 16th, of the wedding of Kathleen Winnifred, only daughter of Mrs. J. George Monkman of Vulcan, and Pte. Earl E. Jensen, youngest son of Mrs. H. Jensen and the late Mr. Jensen, of Norgate, Manitoba. Rev. Dudley Kemp performed the ceremony.

The bride, given in marriage by her father, wore a soldier blue silk ensemble with a minerva picture hat and navy accessories and a corsage of white carnations. Her only ornament was a strand of Queen pearls, a gift of the groom.

The bride's mother wore a navy sheer frock with hat to match, and a corsage of Talisman roses.

Mr. F. R. Allen of Calgary, matron of honor, wore a powder blue redingote ensemble and a corsage of Talisman roses.

Following the ceremony a reception was held at the Mandarin Gardens.

Captain F. R. Allen was a guest at the wedding.

Later Mr. and Mrs. E. Jensen left for Norgate, Manitoba, to spend a two week honeymoon with the groom's mother and relatives, following which they will take up residence in Calgary.

OTTEWELL — GOODER

A very pretty wedding took place at Christ church in Elbow Park, Calgary on Saturday afternoon, October 17th when Dorothy Mary, eldest daughter of Mr. and Mrs. C. Ottewell, became the bride of Robert L. Gooder, son of Mr. W. C. Gooder and the late Mrs. Gooder of Calgary; Rev. Dudley Kemp officiated.

The bride was charmingly dressed in a beige, fur-trimmed suit with matching accessories. She wore a lovely corsage of sweetheart roses and lily of the valley.

Betty Ottewell, sister of the bride, was the attending bridesmaid, wearing a moss green tailored dress with matching hat and brown accessories. She wore a corsage of talisman roses.

The groom was attended by his brother, Mr. Edwin Gooder of Calgary.

Following the ceremony, a reception was held at the home of Mr. and Mrs. E. Gooder, brother of the groom. A three-tier wedding cake formed the centre attraction among the decorations.

The bride and groom left by car for Edmonton on a short honeymoon, after which they will reside in Calgary.

## SHOWERS

About twenty friends gathered at the home of Mrs. D. Nicol on October 7th honoring Mrs. E. Gilroy (nee Margaret Woodward) at a miscellaneous shower. Mrs. Bernice Buehler, Mrs. J. D. Wray and Mrs. D. Nicol acting as hostesses. The recent bride was presented with many lovely and useful gifts for which she suitably thanked her friends. Lunch was served by the hostesses.

SHOWER

In honor of Miss Dorothy Ottewell, a bride-elect of this month, a shower was held in the Anglican Church club rooms on Monday, October 12th. Mrs. C. Brodick and Miss Ruth Lockhart acted as joint hostesses for the evening and Mrs. H. J. Maber and Mrs. A. T. Martin poured tea. The room was decorated with harvest blossoms and the gifts were presented to the guest of honor in a gaily decorated basket. Dorothy replied to the presentation in becoming words of thanks.

**MRS. NELSON JAMISON**  
**HONORED AT SHOWER**

A shower honoring Mrs. Nelson Jamison (nee Miss Ruby Collier) was held at the home of Mrs. H. B. Ulrich on Wednesday afternoon, Oct. 7th with thirty guests in attendance. Hostesses were Mesdames F. Clark, D. McAfee, W. D. Allan, T. B. Lebeau, H. B. Ulrich and O. A. Craig. Mrs. R. Jamison Sr. and Mrs. G. C. Collier poured tea.

The guest of honor was presented with a bouquet of flowers with a ribbon attached which led to many beautiful and useful gifts. She was assisted in opening the gifts by her sister, Mrs. S. Campbell.

where she passed to rest on Friday evening last.

Surviving are the husband, two children, Betty and Robert, a sister (Grace), Mrs. W. Anderson of New Westminster, and two brother, Clair McKie at Vancouver and Robert John.

## "NOTHING MATTERS NOW BUT VICTORY"

The above is the appropriate slogan of the Third Victory Loan which opened on Monday.

Alberta's loan quota is 29 million dollars out of total for all Canada for 750 millions. Although this is a large sum to raise, it is necessary, having in mind the extreme necessity of Canada's finances for war purposes parallel her supplies of men and munitions.

It will and should demand sacrifice on the part of every loyal Canadian, but everyone will agree with the slogan "Nothing Matters Now But Victory."

The campaign concentrates on three sources of supply. First, accumulated savings; second, instalment payment by those who will have on hand funds not immediately available; and third, by payroll deductions.

Primary producers have an additional means of buying through the Produce for Victory program, which is especially applicable to wheat and livestock growers.

**Vulcan Unit War Loan Organization**

The Vulcan War Finance committee have their drive well underway, and while somewhat handicapped by the rush of harvest, report a ready response. As many as possible are asked to call at the Victory Loan office situated in the Dadds Hotel block, in order to save canvassers calling on you and thus help Vulcan reach its objective that much sooner.

In the two previous loans the Vulcan district (Unit No. 20) went over the top each time. This district's quota has been increased this time to \$86,000. The objective this time is not just to go over the top but to see how quickly we can do it and how much we can go over it. At Stettler where many of their local boys took part in the Dieppe raid, the loan went over its objective before the Third Victory Loan drive even started. Remember, no safer investment can be made and our country needs the money now in order to successfully pursue the war effort.

Mayor W. D. Allan, who was so successful in the handling of the last two loans, is again unit organizer for this district. His district extends from three miles south of Brant on the west, to the Correction line on the north, to six miles south of Vulcan, to Milo, Lomond and Armada on the east and includes the Vulcan airport.

W. B. Jamison is Unit chairman and J. T. Willard, vice-chairman. Canvassers include: C. (Bud) Andrews, John Lucas, Mr. Allergoth of Milo, W. D. Allan; E. W. Frost of Lomond; and Mr. Howell of Armada. Mrs. B. Moulds is acting secretary for the Third Victory Loan, and Bill Brown is in charge of payroll savings. The executive consists of Dr. G. M. Carson, D. McAfee and R. L. Elves.

## Free Variety Show

As a goodwill gesture to assist the progress of the Victory Loan campaign in this district, some twenty-two artists are presenting a variety show in the Vulcan Theatre on Saturday of this week, commencing at 2:15 p.m.

Admission is free and a full program of music, drama and varied entertainment is assured. The outstanding performers in the cast are donating their services in their enthusiasm to see the Victory Loan drive carried through with enthusiasm and public support. They promise an hour and three-quarters of great enjoyment.

The entertainers are known as the Navy, Army, Air Force Victory Loan concert party and includes such outstanding performers as Cpl. Ted Forsey, pianist and Sgt. Gordon Hansen, female impersonator and contralto singer, from the army; Lac. Lloyd Cooper, pianist and musician extraordinary, Sgt. W. Ross Seath, bass baritone, Sgt. Tom Rigby, magician and Sgt. Cuthbert Coates, tenor, of the R.C.A.F. Also in the show are girls from the women's division of both air force and army. The navy is going to give color to the show.

The outstanding stars of the entertainment stage from England, the United States and Canada, at present members of the Air Force, the Army and the Navy, are touring Southern Alberta during the Victory Loan drive.

The object of the show will be to emphasize the part Canada is taking in the war, and the need of the Victory Loan.

## Facts Relating To Victory Loan

Questions Often Asked by Investors Are Answered

1. The first Victory Loan bonds were issued at \$100 on June 1941. The average market price in July 1942 was \$100.50.

2. The second Victory Loan bonds were issued at \$100 in March 1942. The average market price in July 1942 was \$100 and 1/16.

3. Victory Loan bonds may be converted into cash in a few minutes or borrowed against without delay or red tape. They are considered as good as cash.

4. Will these bonds be good in the future? Canada's debt charges are not unduly heavy. In relation to the per capita value of goods and services produced in Canada, the annual debt charges of the Dominion government are no greater than they were at the peak of the debt burden after the last war.

5. There were 968,269 individual subscriptions to the first Victory Loan, and 1,681,268 individual subscriptions to the second loan.

6. Total bank deposits in January 1941 were 2 billion, 8 hundred and seventy-six million dollars. This was before the first Victory Loan campaign. Total bank deposits in July 1942 amounted to 3 billion, one hundred and forty-nine million dollars. This is exclusive of deposits in other savings institutions.

7. Since war broke out Canadians have received additional income of over 6 billion 5 hundred million dollars or substantially more than the whole expenditure on the war.

8. On Oct. 31 there were 4,570,300 individual accounts under \$1000 in the Canadian chartered banks.

9. Country store sales in August 1942 in Southern Alberta showed largest increase of any other territory in Canada.

10. There are fewer large bank deposits in Alberta than in 1941, but many more smaller bank accounts.

11. Cash income from sale of farm products in the prairie provinces in the first quarter of 1942, showed a gain of almost 10% over the same quarter of last year.

12. Patriotism and selfish interest combine to make Victory Bonds the best possible investment. It is discretion to set aside a reserve in this way to replace equipment which is now hard to obtain at reasonable price.

13. The inevitable result of inflation is deflation. When prices collapse in the deflation period, farm prices decline first and drop to lowest levels.

14. Further increase in taxation might result in permanent injury to free economy.

15. Farmers' loans have gone down substantially and there is substantial increase in farmers' deposit accounts.

16. The cost to the government of the second Victory Loan was 1%.

17. The government financial requirements amount to 3 billion, 900 million dollars.

18. Taxes for the current fiscal year are approximately 2 billion, 145 million dollars including compulsory savings. The government will have to borrow an additional 1 billion, 755 million.

The regular meeting of the Clover Leaf Rebekah Lodge, No. 37, will be held every first and third Monday at 8 p.m. and not as previously published.

## Payroll Plan For Victory Loan

Monthly, Semi-Monthly or Weekly Instalments May Simplify Purchases

Employees may subscribe to the Victory loan by instalments. Payments may be made monthly, semi-monthly or weekly.

To purchase a \$100, three-per-cent bond maturing in 1956, the following payments will be made:

Six monthly payments of \$16.81 each, beginning Nov. 30;

Twelve semi-monthly payments of \$8.40 each, beginning Nov. 30;

Twenty-five weekly payments of \$4.03 each, beginning Nov. 14.

In each case, the final payment will be made April 30, 1943.

To purchase \$50 bonds or bonds of higher denominations than \$100, six monthly 12 semi-monthly or 25 weekly payments will be made, the amounts being in proportion to those paid for a \$100 bond, a departmental spokesman said.

Under the instalment-purchase plan bonds may be paid for with 10 per cent of face value on application and 18 per cent on the first day of each of five months starting Dec. 1. The final payment April 1, 1943, will be \$18.67 per cent on 14-year bonds and 18.39 per cent on the 3 1/2 per cent bonds, to cover accrued interest from Nov. 1 to the due dates of the various instalments.

## Address Clearly On Xmas Parcels

Absolute deadline for Christmas parcels overseas is Nov. 10 and earlier dates are advised by postal authorities, as the bulk of mail is greatly increased.

Addresses should be in ink and preferably in block letters.

For the sailor serving outside Canada the label gives rank, surname followed by initials; his official number, and information as to the section he is serving whether R.C.N., Royal Navy, Royal Canadian Naval Reserve, etc. The mail should then be sent in care of Fleet Mail Officer at Halifax or Esquimaux, or if no details are known to naval service headquarters, Ottawa. Here is an example:

Ablesman Smith, J. D.  
V13452,  
R.C.N. or R.C.N.R., etc.,  
Blank Ship,  
c/o Fleet Mail Officer,  
Halifax.

**Soldiers**  
For soldiers the information gives details embodied in the following sample:

D15760,  
Sergeant Smith, J.D.,  
48th Highlanders of Canada,  
Canadian Army Overseas.

**Airmen**  
For the Air Force, the following sample:

R00000,  
Lac. Smith, J. D.,  
(Unit or Squadron, etc.)  
Blank, England.  
Attached R.A.F.  
Royal Canadian Air Force Overseas.

Although parcels up to 11 pounds are permitted, senders are requested to cut down as far as possible on weight and size. This will increase the chances for all men to get some parcels on time.

## Allow Each Area Fair Equipment

Stigma Check on Farm Machinery So That One District Will Have Sufficient For Real Needs

Herbert Bloom, administrator of farm machinery under the War Time Trade board, says that acute needs for farm equipment will be met, but under strict scrutiny. Rationing officers will be attached to regional offices of the Wartime Prices and Trade Board at Edmonton and Calgary. It is there that applications for new equipment will be reviewed. Granting of applications is not dependent on whether the purchaser can pay all cash but how serious his need may be.

Mr. Bloom says: "In view of limited supplies, farmers should not contemplate application to buy a single piece of equipment they could not possibly get along without. Implement companies representatives should not solicit the sale of a piece of equipment unless they are convinced that the farmer's need is urgent and essential."

Speaking of this year's needs he said that repair parts had been well taken care of through quotas. In respect to new machines demand exceeded supply and in the coming season the available new machines will be only about 25% of 1940. There will, however, be more parts available than there were in the current season to enable farmers to repair and maintain present machinery.

The plan is to assure that each district will have an adequate amount of machinery.

"In view of the restricted supplies available for 1943, which will fall short of the demand, rationing of farm machinery has been necessary in order to assure that the limited quantity of machines available will be placed in the hands of farmers most urgently requiring them and where they will make the greatest contribution to the food and livestock production program," Mr. Bloom concluded.

## Preparation For General Blackout

In preparation for a general trial blackout, householders have been advised that no extensive outlay need be involved. Anything which effectively prevents light seeping through from windows of lighted homes is all that is needed. Old portieres, draperies or blinds; old bedspreads, blankets, quilts or carpets may be effective. If not of heavy material, they should preferably be dark. The best test is to hold them in front of strong light. If no pin points of light show through, they will be satisfactory.

But preliminary tests should be made of each window or door, examined from the outside. If any light shows it is not complete nor satisfactory blackout.

In many homes there are bits of lumber, tarpaper, building board or such materials from which screens could be built.

## TOWN OF VULCAN PROCLAMATION

By virtue of the authority vested in me as Mayor of The Town of Vulcan, I hereby proclaim the Afternoon of Friday, October 30th, 1942, a civic half holiday in The Town of Vulcan.

All shops and places of business are requested to close at 12 o'clock noon and remain closed for the rest of the day. Citizens are urged to co-operate by observance of the foregoing.

W. D. ALLAN, Mayor

### WHO'S TO BLAME

(Clareholm Local Press)  
An incident was brought to our attention locally just recently. A certain man borrowed \$1500 in 1909. He has paid more than \$4500 in interest on the loan, but he renews the mortgage for the sum of \$2500. Here is a plain, unadulterated financial injustice. But there is also another side to the story. The man who borrowed the money could have retired the loan on three different occasions, but he felt each time that more money could be made by expanding his farming enterprises.

### MEAT!!

T. E. Wilson of Maycroft, Alberta, writes to The Times, suggesting that in view of the meat shortage and the high price to consumers, it would do little harm if the authorities were to extend the hunting season.

Mr. Wilson has something there. The trouble is that with the shell shortage for sport, the available supply of ammunition may all be used up, before the present deadline is reached. Game cannot be disposed of commercially, but there is no question that the shooting season does lighten the demand for 'store meat' in all families where the shotgun is in occasional use.

Violation of price ceiling regulations have brought fines of from \$10 to \$400 in recent weeks. 22 cases of infraction of rental regulations have come up recently with fines up to \$300. Three months in jail was the alternative.

Brigadier Harvey O.C. of Military District 13, says that it is essential that all "A" men in the army be made available for overseas duty at a moment's notice.

### Bob Edwards "Eye Opener"

The C.P.R. never explains nor confesses. American girls buy French titles, then the prize packages lose their titles. Bob Edwards surveys the war front in November 1917 (January 16, 1903)

Sphinxlike C. P. R.  
"Do you think this train will get through on time?" asked the customer of the conductor on a C.P.R. train.

"I'm trying to think it," answered the conductor reflectively, "I've been trying to think it ever since we started but mental science does not seem to do much good on this road."

One thing we admire about the C. P.R. is their wisdom in never offering excuses. If there is a wreck or if the train is late, no explanation or excuse is offered to the public. When Adam tried to explain his fall to the Lord he declared he had slipped on a fig leaf. He would have been all right if he'd kept his mouth shut."

Liars  
A preacher conducting a mission announced that he would speak next night on "Liars." The audience was requested to read in advance the seventeenth chapter of St. Mark. The next evening, with piercing glance, before opening his service, he inquired how many people had read the chapter suggested. A score or so held up their hands. At which he thundered "You're the very persons I want to talk to. There isn't any seventeenth chapter of St. Mark."

Society Chatter of 1903  
Mr. Davis is building an addition to his house on Market Street to bring it level with the sidewalk.

Joe Powell has joined the Methodist church choir, and cut loose for the first time last Sabbath evening. The congregation when last seen was hitting for the foothills.

The new livery stable facing on Refreshment Avenue is almost ready for its house-warming dance.

Nichie Hutchinson, the well known man about town, is in charge of the new billiard hall, and his popularity is keeping him on the jump.

The health of the town is all that can be desired, the few who are sick merely getting what's coming to them.

A station agent is now located at Nanton. This should prove a blessing to stray drunks from neighboring towns who have to wire home for more money.

The Winnipeg Free Press, that obnoxious Liberal organ, was terrible in the Manitoba elections. Such contemptible scurrility and wanton vilification have seldom disgraced newspaper pages. Such grossness!

American Girls and Titles  
Speaking of millionaires, there is a lively shock in store for these rich feather-headed American girls who barter their bodies, souls and money for European titles. All titles are to be abolished in France and the effete sons are now to stand on their own merits as American attractions.

We have not heard of the fathers of these girls are to get a rebate of 15% on the original purchase price, but the titled sons who have now lost their titles should refund at least half. What are they without them? The wives should also ask compensation from the French government because the goods have depreciated in value.

Amongst those who will have broken hearts is Anna Gould who traded herself in to an impetuous idiot named Count de Castillane. Winnie Mitchell of Oregon was staked by her father to buy the Duc de la Rochefoucauld. An ambitious widow picked herself a title that would stagger the King of Kings and bought it, together with the man who went with it. Dozens of other ladies who have invested their dough in overseas' liabilities will be crying their eyes out. Even a Canadian girl has recently married an eighty-year-old peer.

Hidiously immoral it all seems. The Marquis of Donegal, 80-year-old, put up the rank of peeress for \$125,500, and Miss Turning of Canada bit. What felicity! The wife hoping for her husband's death. He has to hire good doctors to keep him above the daisies.

Comments on Last War  
(Calgary Eye Opener, Nov., 1917)  
Muddling through work after a fashion in the South African war. This is a different kind of war.

Remember it was the British war office that caused the Ross rifle to be discarded, not the Canadian Militia department.

Sam Hughes would be a bigger man today if he were not too small to admit defeat.

It has actually become a saying at the front amongst Canadian officers, "If you praise the Ross rifle you get promoted. If you criticize the Ross rifle you'll get sent home."

One gathers from the articles of H. G. Wells and Bernard Shaw that the trouble with the Allies is that all their great generals are in the literary business.

The western provinces of Manitoba, Saskatchewan, Alberta and B.C. contain only 20% of the population of Canada, and yet they have supplied 40% of the recruits.

The most characteristic thing the British war office has done for a long time is in connection with the famous Canadian aviator, Bishop. He was bringing down Hun planes at such a rate that they took him off the job altogether and placed him in a position where he won't have any flying to do at all. This is the War Office all over.

## YOUR HOME-TOWN PAPER

Your home-town paper heralds to the world your birth, tells of your standing in school classes, mentions your birthday party when you are sweet sixteen, congratulates you on graduating from high school, starts you off to college, mentions your obtaining a position of importance in a bank or elsewhere, hollers for you when you marry the sweetest girl in world, records the arrival of your first born, rejoices with you in your triumphs, sympathizes with you in your sorrows—and when you pass on it does its best to get you safely past the Pearly Gates, and that last job is, in many cases, not a secunecure.

For the small sum of two dollars per year—what more could you ask?

## Conversion Surplus Wheat Into Alcohol, Rubber Is Advocated

### North-West Line Elevators lead in urging industrialization for needed alcohol, synthetic rubber

An opportunity for industrial use of Alberta's surplus wheat has been created by the necessity of finding new sources from which to get essential war products. Wheat can be used for manufacture of alcohol for conversion into synthetic rubber, for explosives, chemicals and high test motor fuels.

The North-West Line Elevators have taken a lead in urging western industrialization to make use of wheat products to meet war needs. Recently it forwarded a statement to the Dominion government suggesting that distillery plants be erected at strategic points through the west to convert wheat surpluses into alcohols required in the manufacture of synthetic rubber and high-test motor fuels for airplanes.

The statement said the placing of plants at central points in the western wheat areas would to that extent release railway equipment and lake vessels for other war uses instead of hauling such grain from the prairies to eastern Canada.

"In addition, the large cane sugar refineries located on the east and west coasts might be converted for use in manufacturing wheat into alcohols for war purposes," the statement said.

Possibility of using the five large beet sugar factories in Manitoba, Alberta and Ontario for eight months of the year for utilizing surplus wheat, also should be studied, the statement added. Beet sugar factories can operate only four months of the year in extracting sugar from beets.

The statement said in part:

"Canada's carryover of old crop at July 31, was 424,048,429 bushels. The 1942 crop is estimated at 587,000,000 bushels, an all-time record. The government has indicated that it will take delivery of only 280,000,000 bushels of the 1942 prairie crop... What will the farmers do with the balance...

"Canada and her Allies need high-test motor fuels for their fighting airplanes. The higher forms of alcohols are also needed for synthetic rubber and alcohol in greater quantities than are now being produced. These necessary supplies can be obtained through conversion of wheat.

"While valuable time has been lost, it is still not too late for the federal department of agriculture to lead the way in finding a solution for the surplus wheat problem. Reducing wheat acreage is no solution... Neither are export wheat quotas the solution. Expanded uses now is the need."

"Wheat farmers have met the demands of the federal government in reducing wheat acreage. The Canadian Wheat Board, by law, is permitted to accept delivery of only 280,000,000 bushels of the 1942 crop. What will the farmers do with the balance of the 1942 crop? That balance will amount to approximately 247,000,000 bushels."

## Editor of Bowmanville Statesman outlines requirements exacted from agricultural people.

The weekly press has by far the greatest circulation in rural Canada, but, in spite of that fact, it is excluded from literally scores of important paid "releases" directly affecting rural people, sent out by both Industry and Government.

The net result is that weekly editors must scan scores of other publications to find out what is really going forward in Canada today. Here is something of what we have learned which is of direct interest to our valued subscribers—the farmers of Dufham:

1. Farmers, from now on, must keep an accurate set of books showing costs, sales, wages, profits, incidentals and so forth. Just the same as any other business from the country to General Motors.

2. They must, from now on, pay income tax as per their books—and these are subject to Government inspection—the penalty is jail or heavy fine.

3. They will, probably, be subjected to a ceiling on live cattle and may, in time, be compelled to release, under ceilings, the various kinds of products they have for sale.

4. They are to be asked, commencing Oct. 19, 1942, to the great new national loan of \$750 million on the supposition that they now, today, enjoy

over a Billion Dollars of Canada's net income.

5. Plans already made are that city men with paid city assistants, have developed a "grass roots" appeal to farmers for this loan and that they will descend like smiling locusts to "put it across."

These are just a few of the things in the offering as we read the advertisements and between the lines of government news releases. There are others of course—such as beef and pork and so forth—but, at the moment we have indicated enough to provide a Sunday seance.

As a footnote we should remind our readers that Industry still gets a guaranteed "cost plus 5 per cent—or better" and labor gets a "guaranteed income plus cost-of-living bonus." Their incomes are assured. Farmers, on the other hand, have to face the sun, the wind, the insects, the frosts, the blight and all the hazards—sans cost-plus—that plague their 16 wakeful hours.

Now we caution Mr. Ilsley and the government that any appeal for farmer funds should not come from the city nor city slickers. May we suggest that local officials and Forums of the Federation of Agriculture might handle this business with considerable success and profit.

## OUR NEW MODERN PREMISES AIR-CONDITIONED FOR YOUR HEALTH AND COMFORT

THIS modern building now being erected will contain ten thousand square feet of floor space and will be fully air-conditioned to protect the health of the students. This means there are no variations of temperature—no open windows to cause draughts and resulting colds. Fresh air will be brought from outside of the building, and filtered and heated under thermostatic control. This pure air is uniformly distributed to every part of the college premises, a complete change taking place every fifteen minutes. This will be the second business college in Canada to be fully air-conditioned, the other one being in Winnipeg.

# WE'RE GOING TO NEED SO MANY THINGS WHEN THE WAR ENDS ... things that are hard to get now

Every day, almost, we find that something else is getting scarce. So often, we are told "they're not making it any more". Factories are making guns instead of ploughs, tanks instead of tractors, planes and shells instead of stoves and beds. We'll have to replace so many things when the war ends ... things we can't buy now.

## —with Cash

... in one lump sum, with money we have saved. There is no safer investment ... no better way to protect our savings.

Or—we can buy bonds and pay for them through our banks in monthly instalments. As the instalments come due the bank will charge them to our accounts.

## —with Produce

Farm folk can pay for Victory Bonds in another, convenient way—by using the "PRODUCE FOR VICTORY" TICKET. By simply signing a "Victory Ticket" you can authorize those who buy produce from you to send all or part of the proceeds to the War Finance Committee to buy Victory Bonds for you. (Ask your local War Finance worker for details.)

## WHAT A VICTORY BOND IS

Look at a dollar bill. A dollar bill is like a bond. It's a promise to pay to the man who has it. You get bills when you sell things and pay them out when you buy things. A Victory Bond is "a bill" intended to be saved. When you keep a \$100.00 Victory Bond for a year you receive an additional \$3.00. (3% interest). Buy all the Victory Bonds you can—lend money to Canada to help to win the war. Save your bonds to have money for things you'll need when the war ends.

## EASTWAY NEWS

Eastway school re-opened on October 5th under the tuition of Miss Joy Hermans, of Carmangay.

Misses Rita and Marion Baldwin of Calgary, spent last week-end at the home of their parents, Mr. and Mrs. P. Baldwin.

Miss Elma Mitchell now with the C. O.C.A. in Calgary, was a week-end visitor with her parents, Mr. and Mrs. R. Mitchell.

Mrs. S. Cockwill Jr. of Chestermere, and Miss Bertie Cockwill of Calgary, were holiday visitors at the home of Mr. and Mrs. S. Cockwill Sr.

Word has been received by Mrs. T. Webber from her brother Mr. T. Davis of Liverpool, England, that Hugh Malcom, of the R.C.A.F., was a recent guest at his home. Mr. Davis was employed in this district some years ago.

The Social Club met at the home of Mrs. N. Johnson on Oct. 15, Mrs. J. Wyatt presiding. Following the usual opening procedure, several items of business were brought forward. Needlework was distributed amongst the members to be made up for the work stall in aid of the Red Cross. The social committee was requested to prepare and despatch parcels to some local men overseas. The Honor Roll quilt is to be raffled on November 20 at the annual supper. The roll call was answered by "Something I am thankful for." Mrs. McMullen Sr., won the raffle donated by the hostess, and Mrs. W. Marshall was the contest winner. The meeting closed with singing "Abide With Me." Lunch was served by the hostess.

## Brief Items of Local Interest

Flt.-Sgt. Pilot Lawrence Ottewell arrived home last Friday for a two week leave.

Orville Roe, of the Royal Canadian Navy, was among thirteen ratings chosen to take a social course at the University of Alberta. Orville's course will correspond to third and fourth year university in electricity. Another instance of "home-town boy makes good." In last week's paper we recorded the choosing of Leslie Warden by the army for special university courses at Toronto. Two more instances of recognition given to the splendid war efforts by Vulcanites. Congratulations, boys!

Mrs. Lulu Macleod left on Saturday for her home at Toronto, Ont. She will spend a few days at Red Deer enroute.

Civilians, like soldiers, must lighten their war-time equipment. Some people however, still carry around three loads—past, present and future. If we straighten out the past, and stop worrying about the future, then we can concentrate on being effective in the present. That will make the future nothing to worry about.

If you have any items of news that may be of interest to our readers, send or bring them to The Advocate office. They are appreciated.

The Rexall One Cent Sale staged by Mitchell's drug store last week proved a big success. It is hoped that sufficient supplies will be available to make possible this sale again next fall.

A tea honoring Mrs. R. L. Elves was held on Tuesday afternoon, Oct. 13th at the home of Mrs. H. B. Ulrich. Hostesses were Mesdames T. B. Lebeau, W. D. Allan, L. Dawson and H. B. Ulrich. Eleven guests were present. The guest of honor was presented with a silver plate by Mrs. Dawson, to which Mrs. Elves replied fittingly.

Owing to circumstances which have arisen the lobby of the post-office will be closed all day, every Sunday after November 1st.

Starting this week, the Vulcan Theatre will be showing three shows each week. This means that each picture will be showing only two nights a week. It will also mean a re-arrangement of the schedule recently printed and distributed. Many very good shows have been booked for this theatre.

The Advocate can still send papers to boys on active service overseas if they are bona-fide paid-up subscribers.

Miss Grace Robertson spent the week-end at her home in Pincher Creek.

Don't forget the free concert party put on by the Army-Navy-Air Force concert party under the auspices of the Vulcan War Finance Committee in the Vulcan Theatre on Saturday afternoon at 2.15 o'clock. Mr. Wintermute has kindly donated the use of the theatre for the occasion.

Vulcan's first blackout will be next Monday evening from 10 to 10.15 p.m. See accompanying article for full details.

Mrs. J. Irving and daughters Lorna and Shirley were visitors at the home of Mrs. John Hunter for a few days this week.

The Victory Cafe closed Sunday night for a few days while undergoing alterations and redecorating. It will reopen about October 29th.

The Vulcan airport needs rags for cleaning airplanes and wiping oil. Those having rags on hand are asked to leave them with the Vulcan Salvage committee specifying their destination.

There are many airmen and airwomen who would appreciate an invitation to dinner or for a forty-eight. Just step to the telephone and ask for Flt.-Lt. Cannon at the Vulcan Airport. He will arrange to send as many guests as you can accommodate. This will be a real service.

Notice—Owing to a change made in the linotype schedule you are requested to send, phone or bring in as many items as possible by TUESDAY noon. We can still accept news up to Wednesday noon, but your co-operation in helping us to obtain news on Tuesday will be greatly appreciated.

Miss Donna Miller was a Stately visitor on Sunday.

The regular monthly meeting of the Ladies' Auxiliary to the Canadian Legion, B.E.S.L., will be held Thursday evening, October 29th, in the Memorial hall at 8 p.m. sharp. Members kindly note change of time.

Mr. and Mrs. W. H. Scott and daughter Anita, of Drumheller, were recent visitors at the home of Mr. and Mrs. Gilbert McQueen.

During the Thanksgiving holidays Bert Freisen of Medicine Hat and Del McQueen were also guests, the occasion being the 49th wedding anniversary of Mr. and Mrs. G. McQueen. A turkey dinner was served. Mr. and Mrs. McQueen were married on Oct. 11th, 1893 in Deloraine, Manitoba.

## REGULAR MEETING TOWN COUNCIL

The October meeting of the Town Council was held on Tuesday evening, October 13th, Councillors Buehler, Brown, Jamison and McAskie being in attendance.

It was carried that the town co-operate with Mayor Allan in the formation of a local ration board under the Wartime Prices and Trade Board.

Councillor Brown was elected Deputy Mayor for the next three months. Miss Myrtle Jones was granted a beauty parlor license.

The town voted to co-operate in staging a blackout in Vulcan from 10 to 10.15 on Monday, October 26th.

It was decided to declare a half-holiday for the opening of the Vulcan airport.

The old run outside the fire hall is to be turned over to salvage.

## OUT OF THE BLACKOUT

Bdr. Walter McDermott, 21st Bty., R.C.A., Sept. 24th, 1942:

We here are still very proud of Vulcan and also very proud of the class of soldiers from Vulcan in our regiment. The boys are all fine and take to this country real good.

Royce Clark was married in July and Jim Kennedy and I were at the wedding. We had as usual a good time. He married a real nice girl from Wales. I see Jim nearly every day and although he has aged some is still going strong.

Lieut. Dobbs is still with us, looking good and is learning real fast. I must close now with best wishes to yourself and also the Vulcan Red Cross who are doing a real good work. I shall try and get a letter off to you often in the future.

## Two Maturities In Current Loan

Appeal for \$750,000,000 on Basis of One Maturing in 14 years; the other in 4 1/2 Years

Canada's third Victory loan calling for subscription of \$750,000,000 as its objective, is being offered in two maturities. The books were opened Oct. 19 and are expected to close about November 7.

The bonds will bear interest from Nov. 1. These are the maturities, optional with the subscriber:

A 14-year issue, maturing Nov. 1, 1956 payable at maturity at 101, and bearing interest at three per cent.

A 3 1/2-year issue, maturing May 1, 1946, payable at par at maturity, and bearing interest at 1.75 per cent.

The 14-year bonds will be callable at 101 during or after 1953 and will yield 3.06 per cent if held to maturity. The short-term issue will be non-callable to maturity.

Principal and interest on both third Victory Loan issues will be payable in Canadian funds, the principal at any agency of the Bank of Canada and the interest, without charge, at any branch in Canada of any chartered bank.

The bonds may be paid for either in cash in full at the time of application at the issue price, without accrued interest, or they may be purchased by instalments plus accrued interest, Mr. Hsley's statement said.

## Instalment Buying

Instalment payments will be as follows: 10 per cent on application and 18 per cent, on the first day of each of five months starting with Dec. 1, 1942. The final payment April 1, 1943, will be 18.67 on the long-term bonds and 18.29 on the short-term bonds. This final payment includes accrued interest from Nov. 1, 1942 to the due dates of the respective instalments.

## Previous Loans

The four previous loans of this war were: January, 1940—\$200,000,000 loan subscribed to the extent of \$321,276,850 cash.

September, 1940—\$300,000,000 loan subscribed to the extent of \$324,248,300 cash.

June, 1941—(First Victory Loan)—\$600,000,000 loan subscribed to the extent of \$710,968,950 cash.

February, 1942—(Second Victory Loan)—\$800,000,000 loan subscribed to the extent of \$834,000,000 cash.
